Be one of the New Minutemen.

Remember the first Minutemen? They were civilians ready to protect the good things about America.

Today's Army National Guardsmen are civilians too. With the same idea in mind.

They're the New Minutemen.

As a high school graduate, there will be good reasons why you should consider joining them.

You'll train one weekend a month in your own community.

You'll have a chance to learn a trade or skill that could help you get a good civilian job.

A chance to earn extra money. (Over $40 a weekend to start.) To develop leadership skills. To help the community. To show you're a responsible person.

In short, the Army Guard can help you acquire the skills and develop the personal qualities you need to get ahead in your new life.

Contact your local Army National Guard Recruiter and learn more about the Army Guard. It could be the most important part-time job in America.

We don't make promises. We make guarantees.

With all the options and offers we can make, there's no earthly reason why we'd guarantee you something we can't possibly deliver. And we won't.

If we guarantee you Europe, start listing all the places you want to see. So you won't forget any when you get there.

Everything we guarantee will be put down in writing. In a legal document that you get a copy of. (If you sign for computer training and the Delayed Entry Option, it will all be spelled out in language you can understand.)

We'll also give you a card. On the front is what you signed for. On the back is an address to write to in the Pentagon. Just in case you didn't get what's on the front.

We think today's Army has a lot to offer you, and we'll try to convince you of that. That's our job. But we'll never try to mislead you. That's our job, too.

If you want to find out about some of our offers, call or see your local Army Representative.

Today's Army wants to join you.
